

GILDAN®

Back to basics.

To say 2020 was a challenge would be an understatement. But Gildan has gotten back to providing the styles and designs our customers love and we're working hard to make 2021 better for you, our customers.

We've taken a hard look at our business and how we can better serve you. We're going back to basics by focusing our product line on styles you love most.

As a leading apparel company, we have a responsibility to do our business the right way. It's why we're one of the largest purchasers of cotton, and why we created Genuine Responsibility™; a social, environmental and governance program that guides how our apparel is designed, made and sold.

We're also being mindful of how we shift our brands to maximize market appeal. With the Gildan® Softstyle™ collection, we're reintroducing the 64EZO. Not only is it super soft, it's also a printer's delight, as it's beautiful to print on and is styled to fit as a modern classic.

As in the past, Gildan wants you to know that we have your back.

Creating the change we want to see.

Responsibility in every stitch.

We're committed to improving the lives of everyone we work with. It's why we started the Genuine Responsibility™ program.

Caring for our people.

Investing in people is the cornerstone of our success. We're committed to offering fair wages, developing opportunities and good benefits, all while providing a safe and healthy work environment.

Conserving the environment.

We're for sustainability and continually strive to innovate toward solutions that reduce waste and conserve water. We also source most of our cotton where we know our environmental goals are shared by our growers.

Creating stronger communities.

We have a responsibility to be an active participant in the communities where we operate. That's why we're working hard to create economic development opportunities that favour local suppliers and create stronger, healthier communities.
